Hairs Quickly Vanish After This Treatment

(Helps to Beauty.)

Science has aided in simplifying the banishing of hairy growth from the face, and according to a beauty specialist, the most effective treatment yet devised consists of applying a delicate paste to the hairy surface for 2 or 3 minutes. The paste is made by mixing some water with a little powdered salicylic acid. When this paste is removed and the skin washed every trace of hair has vanished. Be sure to get real dealers.

CLUBDOM

Nineteenth Century Concert.

Much has been written in praise of Joseph Cortese and his ever-increasing mastery of the violin, and hardly a music lover or musician in Memphis but who will become enthusiastic over the mention of Mrs. Ben Parker's voice, but the greatest tribute that can be paid these two popular musicians was the effect which their music had on the huge audience which attended the concert given under the auspices of the music department of the Nineteenth Century club Wednesday afternoon.

From the moment Mr. Cortese lifted his bow, he held his audience spellbound, and away from him as he chose, with his interpretation of some of the classic selections. His rendition of Corelli's sonata, "La Folia," was pronounced by several music critics who were present, to equal that of many of the most famous virtuosos who have appeared in the South.

The entrancing sweetness of tone, and the mastery with which he rendered each selection, brought forth highest praise from his many admirers at the conclusion of the program.

Enthusiastic applause greeted Mrs. Parker, who had chosen for her first number for the afternoon the beautiful aria from "Purcell" in rendering this selection, the power and beauty of Mrs. Parker's pure soprano voice was perfect, and which all Memphis musicians have sung this aria as well as she.

To beautiful bouquets of roses were presented Mrs. Parker in token of the appreciation of the clubs.

Mrs. Cortese, chairman of the music department, was congratulated on having arranged one of the most beautiful affairs which the members of the Nineteenth Century have had the pleasure of enjoying during the year.

Following is the program as was rendered:

Violin—Sonata, "La Folia".....Corelli
Mr. Joseph Cortese.

Violin—Concerto.....Mendelssohn
a. Allegro, molto appassionato.
b. Andante.
c. Allegretto, non troppo.

Mr. Cortese.

Voice—"Ombra Leggera," from "L'Alceste".....Verberber
"Chere Nuit".....Bachellet
"Butterflies".....Linn Seller
Mrs. Ben Parker.

Violin—
a. "Deep River".....Burleigh
b. "Tavotte".....Gossec
c. "The Swan".....John Victor Hugo
d. "Caprice Viennois".....Pritz Kreisler
Mr. Cortese.

Domestic Science Department.

The domestic science department of the Nineteenth Century club will hold its last demonstration on Friday morning at 10 o'clock, which will be in the nature of a spring surprise.

As this is the close of the club year, all holders of club cook books are requested to secure any bulletin lacking to complete the book.

The guests of honor will be the luncheon committee of the Nineteenth Century club, Mrs. Randolph Chears, chairman. All club members and invited guests are invited to attend.

King's Daughters Meet.

May 5 was the date set for the annual tag day, which is conducted by the City union of the King's Daughters each spring for the benefit of the Home for Incurables, at a meeting of the City union Wednesday morning at the Nineteenth Century club.

The ceremony of turning over the keys of the city to the chairman in charge of tag day, which, this year, is Mrs. E. H. Vance, will probably be held in Court square May 3. The date has been definitely agreed upon, although the place has not.

Mrs. Frank S. Latham, president, presided at the meeting Wednesday, which was a very enthusiastic one. After an interesting program, Mrs. Latham announced that Mrs. Vance had accepted the general chairmanship for tag day.

Mrs. Vance then began to perfect the plans for the remarkable system which in one day enables the splendid organizations and its untiring workers to accomplish so much for the Home for Incurables, appointing the chairman for the various parts of the city, and other important details.

Miss Mary Watkins made an impressive talk on the King's Daughters motto, "That we be not ministered unto, but to minister," followed by the singing of the King's Daughters hymn.

DANDRUFF MAKES HAIR FALL OUT

A Small Bottle of "Danderine" Keeps Hair Thick, Strong, Beautiful.

Girls! Try This! Doubles Beauty of Your Hair in Few Moments.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable luster, softness and luxuriance. Get a small bottle of Knowlton's Danderine for a few cents at any drug store or toilet corner, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that all you need can have beautiful hair and lots of it if you will just try a little Danderine.
